MD's Message

Modern trends and lifestyle is continuously devastating the health structure both physically and mentally. Pollution, radiation, work-load and irregular habits are squeezing the healthy India. To overcome this, Lifegain Medical India LLP came up with an alternative procedure embedded with best technology to upgrade the health structure of the society.

On behalf of Lifegain Medical India LLP, I express my sincere gratitude to the entire team who is working so hard to fulfil our vision and all the customers for their undying support always. Let US make every life healthy forever.

Dr. Anil Shere
Managing Director

॥ एक कदम लाईफगेन कि ओर, एक कदम स्वस्थ भारत कि ओर ॥

Director's Message

"Our work is improving day by day. Everything we do and everything we say is part of it. Any work is an opportunity. All our Life Is opportunity....but there is work we have chosen to do together. Seek to know it, and when we know it, put it first above all else".

Our main aim is to develop healthy lives, and we won't stop till we fulfill it. Together, we can and we will. I would like to thank the team Lifegain Medical India LLP for being so active and responsible and believing in our thoughts. We dreamed of developing a way of healthy life for the people in India, The path was not easy but the sheer spirit of the team brought us to a place where we can actually do in what we believe. Today we are implementing the foreign technologies in health care products and it makes us feel proud that we are serving the people with such miraculous products.

Mr. Digambar Shingole
Director

॥ एक कदम लाईफगेन कि ओर, एक कदम स्वस्थ भारत कि ओर ॥

GEM Register User.
Lifegain Medical India LLP

This Government E-Marketplace (GeM) portal functions as a one-stop shop for the internet shopping of basic items, but rather than, facilities rendered by different government agencies, organizations, or PSUs (Public Sector Units).

The GeM site was created by the commerce ministry to provide transparency in the antiquated government procurement tendering process used by government entities. Public procurement is the method used by government organizations and state-owned firms to get the products and services they need from businesses and corporations.

The GeM website aims to increase the efficiency, transparency, and quickness of public procurement in addition to inclusivity. It provides the tools of alternative e-auction, e-bidding, and requirements gathering in order to assist government customers as well as purchasers in getting the best value for their available funds.

॥ एक कदम लाईफगेन कि ओर, एक कदम स्वस्थ भारत कि ओर ॥

A Growing Healthcare Sector in India

Healthcare is one of India's largest sector in terms of revenue and employment and the sector is expanding rapidly. During the 1990 Indian healthcare grew at the compound of annual rate 15% today the total value of the sector is more than 70 billion US dollar. India being a country with growing population, country's per capital healthcare expenditure has increased at a CAGR of 10.3% from \$43.1 in 2008 to \$57.9 in 2011 and going forward this figure is expected to rise to \$88.7 by 2020.

The private sector accounts for more than 80% of total healthcare spending in India. Unless there is a decline in the combined federal and state government deficit, which currently stands at roughly 9%, the opportunity for significantly higher public health spending will be limited.

The Indian healthcare sector is poised to reach US \$ 280 billion by the year 2020, There by contributing an expected Gross Domestic Product (GDP) spend of 8 percent by 2012 from 5.5 per cent in 2009. According to a report by an industry body. A US \$ 36 billion industry today and growing at 15 per cent compound annual growth rate (CGR), the Indian healthcare industry will reach the market value of US \$ 280 billion by 2022.

One driver of growth in the healthcare sector is India's booming population. Currently 1.35 billion and increasing at a 2% annual rate. By 2030, India is expected to surpass China as the world, most popular nation. By 2050, the population is projected to reach 1.6 billion.

The country has only 1.5 beds per 1,000 people, for instance that is much lower then the average three to four beds per 1,000 people-in developing economies such as Brazil, China, South Africa and Thailand and way behind developed areas (Like the United States and Western Europe), which have four to fifth beds 1,000 people. More over, with 0.6 doctors and 0.08 nurses per thousand people, India has significantly fewer of them than the world average : 1.2 doctors and 2.6 Nurses per 1,000 people, according to a recent World Health Organization report.

Because of all these facts, Lifegain Medical Instrument came in india in the year 2012 with a business strategy "clients' health first". For customers' satisfaction and belief that a stone has therapeutically quality Lifegain Medical gives "Free Therapy". This free therapy is helpful for every common man because health and happiness is a most trusted property of every mankind.

॥ एक कदम लाईफगेन कि ओर, एक कदम स्वस्थ भारत कि ओर ॥

The Benefits of Alternative Therapies

- As stated above, one of the main of alternative medicine is having an awareness of the mind body connection and using techniques to support it.
- Holistic alternative medicine teaches patient responsibility for health. Being responsible for yourself and your health is empowering. This applies to treating acute and chronic disease as well as creating optimal health.
- The old saying “an ounce of prevention is worth a pound of cure” doubly applies when it comes to your health. It also applies to the time and financial investment individually and to society. Preventing ill health by using holistic practices and wide lifestyle choices are fundamental to good health and are important benefits of alternative medicine.
- Alternative modalities are generally safe. When used properly they cause few if any side effects. Alternative therapies, if appropriate for your condition and properly applied, can be very effective as a sole, primary or complementary treatment for your condition. Likewise, they can help you improve and maintain good health.

V FIGHTER BED

Technical specification

- * Size : 196 x 45 x 45.5 (H)cm
- * Power : • Volts : 150-240 AC
• Watts : 200
- * Product Weight: 66 kgs

Thermal Therapy is achieved through controlled and medically designed heating rollers.

Thermal Massager Bed

Causes of Back Pain

Cures the old and chronic back pain by stimulating the muscles and nerves around the spine by providing heat and massage with medically designed rollers.

30 Minutes massage every day will save you from allopathic medicines and expensive surgery.

Suitable for :

- Hospitals
- Nursing home
- Dispensaries
- Health club
- Malls
- Massage centers

This technology is used in more than 100 countries worldwide.

- Lifting a heavy object or twisting the spine while lifting.
- Sudden movements that place too much stress on the low back such as a fall.
- Poor posture over time.
- Sports injuries.
- Involve twisting or large forces of impact
- Bike jerks
- Damage of spinal cord / vertebrates
- Long sitting office work.
- Heavy work load & stress.
- Diabetes.
- Increase in overall weight of the person. Due to consumption of junk food, less activity etc.

If you have severe pain in your waist and slowly it is spreading towards knee and legs then you should take the right step to cure it now.

Remedies to Back Pain

Surgery : Very expensive and in some cases proves to be unsuccessful leading to paralysis.
Thermal Bed : Affordable and no side effects.

॥ एक कदम लाईफगेन कि ओर, एक कदम स्वस्थ भारत कि ओर ॥

All the medicines available in the market are made from harmful chemicals and toxins, which only it gives relief to our pain for a few hours, and as soon as the effect of the chemical inside the medicine and the toxin wears off, our pain start troubling us again. This proves that the medicine pill cannot completely remove the disease from the body, Due to which we have to take those medicines for whole life. Keeping all these factors in mind, our Lifegain Medical Company has developed a range of products to get rid of diseases once and for all, the company started making better brands of all products. The best product is our V Fighter Bed. which provides a total of 8 types of therapy the whole day at the same time and in one place.

As : Due to which the dirt accumulated in the body like dead cells, chemicals and toxins helps in getting out of the body gradually, and we get a disease free body.

V Fighter Bed manufactured by Lifegain Medical has a total of 8 attachments

Internal Roller

A total of 8 round shaped holes have been placed in the Internal Roller in such a way that it can give massage to our Spine according to the weight of the body. So that all the 24 beads of Spine can be kept to their regular places. And can help all the communication channels of Spine to work smoothly.

Benefits : *Internal Roller gives us multiple types of therapy at once, Like - Massage, Acupressure, Chiro-practic, Moxibustion & FIR (Far Infrared Rays).

- *Internal Roller helps in equalizing the structure of our Spine.
- *Taking its daily therapy helps in strengthening the nervous system of our body.
- *Internal Roller helps our body to get relief from all the problems related to disc.

5 BALL PROJECTOR

As :

Over Belly

Above The Navel

Below The Navel

5 Ball projector V Fighter Bed attachment, Which we can use in 3 hopsers of our body,

By using 5 ball projector correctly and daily, we do not have any problem related to abdomen area.

As : Helps to cure Acidity, Stomach pain, Gas trouble, Constipation, Liver swelling, Kidney stone, Over weight, Diabetes etc.

3 BALL PROJECTOR

3 Ball projector This is also one of the best attachment of V FIGHTER BED. Which we can use comfortably in any part of the body (from head to toe).

Using 3 ball projector correctly and daily to help remove any problems related to health like...

Thyroid, Heart related issues, Chest pain, Tonsil problem, Sinus problem, Vocal cord issues, Eyes & Ears related problem, Mouth issues, Knee pain, etc. Helps to taking special sitting therapy of 3 balls daily gives maximum relief from problems related to private organs.

॥ एक कदम लाईफगेन कि ओर, एक कदम स्वस्थ भारत कि ओर ॥

Footmat

Footmat is the best addition to our V Fighter Bed. Footmat at the bottom of the V Fighter Bed imposed on. A total of 192 Aarush Stone have been installed in the footmat. By whose use can get benefits on the problems and diseases related to the feet. With the correct and regular use of footmat, we get benefit from the problems related to the feet such as:

knee pain, foot pain, Achilles tendinitis, stiffness in the nerves of the foot, joint disc problem, joint pain, burning sensation in the feet etc.

Carbon Heating Mat

V Fighter Mat is one of the best of our V Fighter Bed. our R & D team members designed this V Fighter Mat, to keeping in mind the problems of peoples. There is only one purpose of it's construction, that while taking therapy, the fir coming out of the V Fighter Bed and can reach our body as much as possible.

Length of V Fighter Mat is 60 Inches, The width is 30 Inches. So that while taking Roller's therapy, this mat covers the whole body. Earlier, the therapy we used to take, some amount of FIR used to spread in the environment, due to which we had to be deprived of some amount of FIR, but now Lifegain Medical India Ltd. Changed the Therapy Bed and made a new invention.

The heat emanating from the V Fighter Mat helps in activating the cells of our body. Due to which the hard muscles of the body get fast relief, and the blood circulation in the whole body start in a good way.

Pulse pad

Hand Held

This therapy was first discovered in France. Diseases spread due to bad environment reduce the biological waves of our body. Due to which many bad changes start appearing in the body, and there is difficulty in the work of a routine. Due to diseases, which reduce the biological waves in our body, Pulse pad therapy helps to equalize the same biological waves in the body according to our needs.

- * Helps in strengthening the life cycle of our body cells.
- * Pulse Pad / Hand Held helps to activate our blood vessels and communication channels, due to which blood and oxygen reaches all the parts of the whole body in a better way.
- * It helps in controlling the chemical reaction happening in our body.
- * With its daily therapy, extra fats of our body also start reducing.
- * Helps to keep the heartbeat under control. (72 beats per minute)
- * Pulse Pad / Hand Held helps in increasing the energy flowing power of our body. by which the body freshness is felt.

Music Player

While taking therapy, we can listen to Alfa Waves music by using head phone, due to which our mind and brain is concentrated at one place. The FIR therapy shows us the benefits in many other ways. Therefore, the F.I.R therapy benefits our body which improves our physical and mental health.

* Product Weight: 16 kg	* Power :
	• Volts - 230
	• Watts - 270
	• Amp - 5

Negative Charge Ions

According to old texts, our human body is made up of five elements. These five elements are earth, sky, air, water and fire. After death all these elements merge into nature. Similarly, if seen from the point of view of science, our human body is made up of cells, tissues, muscles, bones, all of them start with ions and DNA etc.

Today we will learn about ions, mainly two types of ions are found in our human body.

Positively Charged Ion (PCI)

Negatively Charged Ion (NCI)

To measure these ions, cubic capacity (cc) unit is used. P.C.I. And N. C.I. That proper amount of good cells are generated. To work daily without getting tired or with full vigor, Our body needs about 1000 cc to 2000 cc N.C.I. to function without fatigue.

NCI helps to keep our body active and fresh for longer time. It increases the immunity power of our body, due to which our body remains healthy and diseases stay away from our body. N.C.I is also obtained from natural places, like hill stations, waterfalls, forests, banks of rivers etc. From such a natural place, we get about 10,000 cc to 50,000 cc N.C.I is available, that's why the people of the village are more agile than the people of the cities.

When the amount of NCI in the body is low and when the amount of PCI is high, bad effects are seen on the body. If there is excessive amount of P.C.I in our body, we see many problems like laziness , fatigue , irritability etc. People living in cities suffer from diseases more quickly than those living in villages , because today people in cities have become accustomed to electrical appliances to live their lives. Due to which our body's N.C.I starts decreasing and P.C.I starts increasing. And whenever there is excess of P.C.I in the body, our body will have to face diseases. If we use mobile, TV, computer, mixer, washing machine etc. for a long time. If we use it, then gradually all these electrical equipment reduce the NCI of our body, frozen shoulder appears, and increase the PCI. Due to which we feel tired and lazy quickly And all this Arthritis, equipment brings our body's NCI of 1000 cc to about 10 to 20 cc NCI. Due to which Parkinson's, weakness starts coming in the body, and laziness is seen in the work done by you every day and you get tired quickly.

॥ एक कदम लाईफगेन कि ओर, एक कदम स्वस्थ भारत कि ओर ॥

With the therapy given by Lifegain Medical India LLP Company, work is done to keep NCI and PCI equal in proper amount in the body, and this NCI is given as therapy to the people by the products manufactured by Lifegain Company. Due to which one gets to see the land like soldiers even in the growing age of the people. Today, Pyramat, Pyramat Pro, Lifeguard Mat etc. manufactured by Lifegain Medical Company are available across the country. The work of providing good health to people is being done through such products. And the company is also making its due contribution to make the country healthy.

Green Vision

There are Four Green Vision, which are the promises to customers and dreams of Lifegain Medical Instruments :

Rather than the name “Lifegain” itself, we are better known with our patent technologies. For healthy India and moreover, for health of the entire human race Lifegain Medical Instrument took our first step in the medical instruments business. With ceaseless effort for R&D of patent technologies and medical instruments, Lifegain Medical Instrument has grown into a company that is reliable and trust worthy. Lifegain Medical Instrument does not settle down with the current achievements. With strong belief that health makes green world, Lifegain Medical Instrument will solidly uphold our pride, as an outstanding company in the venture business assessment.

With the fundamental philosophy of responsibility for customers health, Lifegain Medical Instrument gives satisfaction to our customers with passion and sincerity. A company that puts people first ever if it takes a longer time. For fresh morning and energetic day. Lifegain Medical Instruments fulfills the responsibility for healthy body and mind of our customers. Before technological advancement, Lifegain Medical Instrument creates the human-centered technology that puts priority in people.

॥ एक कदम लाईफगेन कि ओर, एक कदम स्वस्थ भारत कि ओर ॥

Business Training

Lifegain Medical understands the social role and the value of human being. Lifegain Medical Instrument is making social contribution through diverse public service activities. Social contribution activities pursued by Lifegain Medical Instrument began as a part of the effort to fulfill our social roles and responsibilities through a variety of activities and cultural sharing by continuous support and sisterhood relationship in the social welfare. Lifegain Medical Instrument is enhancing quality of life for the culturally neglected. In addition, we are spreading the warmth of love through voluntary service activities. As sure, Lifegain Medical Instrument will deliver faith that our effort will create richer and more affluent world.
